STOSA
CUCINE

UN PATRIMONIO DI MEMORIA
E FUTURO

Qualità, tradizione e forza nel prezzo: sono questi gli ingredienti, che sapientemente dosati, hanno permesso a Stosa Cucine di mettere a punto la "ricetta giusta" per ottenere un prodotto eccellente e conquistare un'importante primato nel mercato.

Qualità, non significa solo bontà del prodotto, per Stosa Cucine è anche il risultato di un'approfondita ricerca nel design, nella tecnologica e nell'ampliamento della gamma dei modelli, sostenuta da costanti investimenti produttivi. Per un miglioramento continuo.

Forza nel prezzo: ovvero costruire cucine garantendo il miglior rapporto qualità/prezzo. Ad un prodotto pregiato corrisponde una spesa accessibile.

Tradizione: da oltre quarant'anni dietro ad ogni modello Stosa Cucine vi sono tutta la passione e la genuinità di una famiglia, quella del presidente Maurizio Sani che, assieme ai figli David, Mauro e Leonardo, guida con successo l'azienda verso promettenti orizzonti.

A HERITAGE OF MEMORY
AND FUTURE

Quality, tradition and strength in the price: these are the ingredients which, carefully dosed, have enabled Stosa Cucine to prepare the "right recipe" for obtaining and excellent product and achieving an important lead in the market.

Quality doesn't only mean goodness of the product. For Stosa Cucine it is also the result of in-depth research in the design, technology and in widening the range of models, backed by ongoing productive investments. For ongoing improvement.

Strength in the price: i.e. making kitchens and guaranteeing the best value for money. A quality product at an affordable price.

Tradition: for over 40 years, behind every Stosa Cucine model there has always been all the passion and genuineness of a family, and namely that of chairman Maurizio Sani who, together with his children David, Mauro and Leonardo, successfully leads the company towards promising horizons.

Maurizio Sani
Presidente di Stosa Cucine

G* GRASS

IL PROGRAMMA COMPLETO DI CASSETTI
VERSATILE DAL DESIGN ESCLUSIVO,
UNICO E FUNZIONALE

THE COMPLETE PROGRAM OF DRAWERS VERSATILE
DESIGN EXCLUSIVE, UNIQUE AND FUNCTIONAL

Il passaggio a GRASS ha consentito di proporre l'intera gamma di elementi estraibili della STOSA sotto un'unica configurazione di sponde carenate che, oltre a soddisfare il fattore estetico, con le eleganti finiture in acciaio, conferiscono anche al prodotto di base un elevato standard qualitativo, il tutto abbinato ad una estrema coerenza in tutta la linea di prodotti siano essi standard che ridotti, basata sull'estrema scorrevolezza, resistenza e stabilità delle guide.

The change to GRASS permit to the entire range of STOSA pullout elements to be offered in a single configuration of covered sides which, as well as meeting aesthetic requirements, with elegant finishes in steel, give the basic product a high quality standard, all with extreme consistency in the whole line of standard and reduced products, based on the extreme smoothness, rigidity and stability of the runners.

SPONDE STANDARD
Sponde scatolate in acciaio.
Il sistema completo, preciso e personalizzato.

STANDARD SIDES
Box-type steel sides.
The complete, careful and custom system.

GUIDE
Sistema di apertura, ad estrazione totale. Standard - Ammortizzate - Push-pull.

RUNNERS
Full-extraction opening system. Standard - Damped - Push-pull.

SPONDE INOX OPTIONAL
Sponde scatolate in acciaio inox dal design elegante, ed eccellenti proprietà di scorrimento.

OPTIONAL STAINLESS STEEL SIDES
Box-type stainless steel sides featuring an elegant design, and excellent sliding.

ACCESSORI
Antisgancio di serie: su tutta la gamma, integrabile a richiesta col sistema di sicurezza apertura per bambini.

ACCESSORIES
Safety device provided standard: for all the range, on request it can be integrated with the child safety opening system.
